

HARIPRIYA V

SUMMARY

I am a UI/UX designer with one year of professional experience at TattvoTech, specializing in designing user-centric, visually appealing, and responsive digital interfaces. I have worked on multiple live projects across healthcare, e-commerce, corporate, and informational platforms. My expertise includes user research, wireframing, prototyping, and delivering clean, modern UI designs that enhance user experience and brand identity.

EXPERIENCE

Tattvo Tech

UI&UX designer (Freelancer) | Andhra Pradesh | January 2025 - Current

- Designed end-to-end UI/UX solutions for live websites, from requirement analysis to final design delivery.
- Created intuitive user flows, wireframes, high-fidelity mockups, and responsive layouts.
- Collaborated with developers and stakeholders to ensure design consistency and usability.
- Focused on modern design trends, accessibility, and user-centered design principles.

Cognizant

Intern | Chennai , India | March 2025 - June 2025

- Completed a structured internship program focused on front-end and back-end development technologies.
- Gained hands-on experience with HTML, CSS, and JavaScript for creating responsive user interfaces.
- I learned C# and worked with the .NET framework to build and maintain basic web applications.
- Developed a small internal project integrating front-end and back-end technologies as part of the final assessment.

REAL WORLD PROJECTS

- Worked on more than seven mobile and web app design projects
- 2 apps that are live, which increased 25% user engagement
- Worked functionally together with the Flutter, React, Python, and database teams
- Used to collaborate with the CTO for user-friendly output and to give a great emotional user experience impact for users

SOFTWARE TOOLS

Figma , Sketch , Framer , ChatGPT , Adobe X
